

Stationary Pneumatic, Manual and Hydraulic Chucks. Only from **LMC**.

100
Years

- Hollow 2- and 3-jaw and solid self-centering 4-jaw pneumatic models, super thin manual and 2- and 3-jaw hydraulic chucks. Diameters from 4 -12 inches
- Internal cylinders deliver better stability, less space and higher machining efficiency
- Dust-proof and waterproof chucks prevent chips and coolant and are virtually rustproof
- Easily installed with manual hand control valves or via automatic m-code valve actuation
